Angel Fire (Angel, #2) by L.A. Weatherly - Goodreads  
Angel set the standard pretty high and I was expecting Angel Fire to live up to that but what I didn't expect was to be blown away even more than I was with Angel and I totally was. L.A Weatherly takes everything fans loved about Angel and develops it more with this book.

Angelfire (Angelfire, #1) by Courtney Allison Moulton  
Angelfire by Courtney Allison Moulton is one of the best angel books I've read in years, and I've read A LOT of them. The only other angel book on the same level is Cynthia Hand's Unearthly, which is also stellar. With Angelfire, it's like Moulton had a check list of what makes a great young adult book and seamlessly blended all of these components together into this sensational debut novel. 1
