[Blogs - The 10 Must Read Books About Video Games](#)

This book is sort of a must read for video game history buffs, as it's one of the first books published about the subject. Sheff interviews many big name game designers for the final product, like Nolan Bushnell and Shigeru Miyamoto, about the company's place in America's gaming past, present, and future. Also, through some anonymous sources, Sheff helped shine a light on the incredibly
