Pythagoras' Revenge should appeal to all those who enjoy reading about mathematics and mathematicians, from high school students to PhDs. In addition, by presenting mathematical ideas weaved into a suspenseful plot, I also hope to reach those who usually shun mathematics, and to initiate them to the beauty and the power of the queen and servant of science, in the words of Eric Temple Bell. *Review of Pythagoras' Revenge - A Mathematical Mystery*

A mathematical mystery. Pythagoras - a mystic, a philosopher, a brilliant mathematician, a secretive religious leader - who lived 2500 years ago, left no written work and still his name is remembered today as it is sure to be remembered yet for many generations to come.
