[Getting Down to Business: Investment and the Economic ...](#)

As I mentioned, business investment is a small and relatively volatile component of GDP, and investment across business sectors tends to crest and trough like the tides in response to shocks to demand. This ebb and flow reflects two related factors. First, investment projects are often large, require irreversible sunk costs, and take time to build and operate. Undertaking them depends on [Investment-Banking-Career-Analysis-%0d%0a - Investment ...](#)
